From the Head Golf Professional, Beth Bauer Grace

We conducted our annual Razor Blade Tournament hosted by Duane VanEtten. I would like to thank him and his staff again for setting up a challenging tournament. This year's overall gross champions were Michael Vandiver and Jan Stephenson and overall net champions were Rob Uelmen and Frank Zepf. Congratulations to all the flight winners as well! Unfortunately due to the weather, we have had to postpone the Mixed Team Championship and that event will now take place Sunday, February 12th at 9:00am. The format is a modified alternate shot with teams consisting of one male member and one female member.

We also have our annual Member Appreciation Day which is a completely fun-filled day of complimentary golf and lunch which takes place on President's Day, Monday, February 20th at 9:00am. Finally, we will be conducting the Men's President's Cup on February 25-26th, which is a 36-hole stroke play event with gross and net champions being declared. Please sign up for all events in the golf shop.

Please note, the Men's Member Guest Blazer Invitation letters have been sent out and will arrive by the first week in February, so please send those back into the club ASAP to secure your team's place. The event taking place March 23-25th.

It is our pleasure to serve you from Golf Operations Staff. Thank you as always for supporting your club's events and activities!

HOLE-IN-ONE!

John Bifulco

Had a hole-in-one on
January 28, 2017

Hole #17, 170 yards,
using a 3 wood

Witnesses: Steve Sliva

From Your Golf Course Superintendent, Duane VanEtten

We are in the process of tree trimming, wood line cleaning along hazard line and removing roots in play areas. We have replaced some of our irrigation controllers during the past few months and will continue until completed. Resurfacing of bridge entries and exits have been started and will continue until completed along with replacing bridge boards in need. Liquid fertilizer will be applied to tees and fairways monthly throughout the winter months. Continued spot spraying weeds with a post emergent herbicide every month along with roundup spraying of tree rings. Our next pre emergent weed control application is scheduled for February. Granular fertilization application will be applied the first week of March. Greens will be aerified with solid tines February 6th and tees will be aerified throughout February. In order to preserve our fairway conditions throughout the winter months I encourage everyone to obey the 90 degree rule throughout the golf course.

As always I will try to keep all of you informed with what we are doing on the golf course through my monthly newsletter articles. We always do our best to have the golf course in the best playing condition as we perform the necessary agronomic practices needed to promote healthy turf and the safety of our members.

Welcome all new members and thank you for being a part of Cypress Run Golf Club, it is our pleasure to serve you. Thank you all for your continued support.
